PROFILE

Passionate Front-End Developer with a creative flair and a strong foundation in web technologies. Committed to crafting visually appealing, user-centric interfaces while ensuring seamless functionality and optimal performance. With a keen eye for detail and a drive for continuous learning, I thrive in collaborative environments where I can contribute my skills in HTML, CSS, JavaScript, responsive design, and a multitude of libraries and frameworks to deliver engaging digital experiences. My goal is to bridge the gap between design and technology to create elegant and intuitive user interfaces that leave a lasting impact.

WORK EXPERIENCE

Front-End Developer

Freelancer

May 2019 - date / Remote

- Collaborated with clients and designers to transform UI/UX designs into responsive web applications, achieving an average accuracy of 95% in pixel-perfect implementation and adherence to design specifications.
- Developed and maintained 10+ modern, user-friendly websites using HTML5, CSS3, and JavaScript, leveraging React and Vue.js frameworks to enhance functionality and interactivity.
- Stayed current with industry trends, integrating new tools and best practices into projects, resulting in 30% improvement in overall website aesthetics and functionality.
- Successfully managed and delivered multiple concurrent projects, demonstrating exceptional time management skills and consistently meeting 100% of project deadlines.
- Fostered strong client relationships through proactive communication, leading to 80% of clients returning for additional projects or recommending services to others.

Tech Writer and Tutor

Swin-Tech Global, Abuja, FCT

May 2018 - 2020

- Wrote articles and stories for blogs and magazines, increasing the amount of traffic to the blogs by 60%.
- Created frequent online classes for students willing to learn the basics of web development with more than 80% of them achieving distinctions and credits in standardized tests.
- Assessed and trained new employees in the department in computer proficiency.
